

Eco-club 2024-25

Eco-club for the academic session 2024-25 was constituted on 8th August 2024 with the objective of planning and executing environment-related activities throughout the year and to promote ecological awareness and sustainable practices on campus.

The club aims to organize regular activities such as cleanliness drives, plantation programmes, celebration of environment days, awareness campaigns, and conservation efforts. The members resolved towards collaboratively towards making the campus greener and more environmentally responsible.
